SUN BEAMS

By WALTER M. BARRETT

The old year with its sorrows and joys is only a matter for historians to become confused over and the new year with its hopes and anticipations is under way. There are many resolutions already broken and no doubt a few still awaiting only a vagrant moment to go crashing with the rest. We never had much faith in New Year resolutions although they are quite the thing and usually cost the tobacco and liquor merchants a few dull days right after they are formed. There is, however, one resolution which we hope you have made or will make and keep and that is: "(Your Name) a good citizen of Truckee, hereby resolve to do my shopping at home durng the coming year." That is a resolution which can be kept without any regret and with a feeling of having not alone served your community, but yourself as well. A number of citizens really should make and keep this resolution as their own livelihoods depend upon the welfare of the community which has been receiving far too little in return for that livelihood.

Incidentally, isn't it fine we are called upon but once a year to ceebrate New Year?

Don't throw away the envelope in which you receive your new license plates until you read the important message on the lower left hand corner. After reading remember.

We believe Truckee has shown more growth and has done more business during 1938 than it has enjoyed for many years. We also believe that by pulling together we can make 1939 an even greater year. Why not at least try and toss away the hammer and get a horn and keep boosting. That's the one big thing we need to keep us going ahead.

NEVADA COUNTY JUDGES APPOINTED TO HIGH POSITIONS

Superior Judge Raglan Tuttle of Nevada County has been appointed associate justice of the Third District Court of Appeals by Former Governor Frank Merriam, who at the same time named Judge George L. Jones to succeed Judge Tuttle on the Nevada County Superior Court bench.

Judge Tuttle was named to the superior bench in 1926 by Governor Friend Richardson and has been re-elected to the post since.

Judge Jones is a member of a pioneer Truckee family and served on the superior bench from 1906 to 1926, establishing an unbroken record of 17 years of distinguished service.

The best wishes of the eastern section of their county is heartily extended the two judges.

FORMER TRUCKEE GIRL TELLS OF HER NEVADA MARRIAGE

Mrs. Alvin Jones, nee Ellen Sanders, daughter of Mr. and Mrs. Joe Sanders of Sacramento and sister of Orlan Sanders of Truckee, revealed her marriage which occurred in Virginia City on November 6, to her friends at the capital city only recently. The ceremony was simple, attended by a few close friends and relatives.

Mrs. Jones is a member of one of the well known pioneer families of Truckee where she was born and attended school prior to her departure for Sacramento where she continued her education in business.

Following disclosure of the wedding the bride was the inecntive for numerous showers given by her large circle of friends.

Jones received his education in an eastern state where he lived before coming to California. Mr. and Mrs. Jones planned to go to Catalina Island for a belated honeymoon and will return to make their home in San Francisco.

KOEHLERS COMBINE EVENTS HERE FOR JOINT CELEBRATION

Combining several occasions for celebration in one, Mr. nad Mrs. Felix Koehler observed their first wedding anniversary, Mrs. Koehler's birthday and Christmas on the same day, Sunday, December 25, with a bevy of friends and relatives.

Mrs. Camille Sassarini, sister of Mrs. Koehler, whose birthdate occured two days previously, shared the large cake that was topped by red candles sent from Germany by Mr. Koehler's mother.

Cost Of Raising Fish Near $1000 For Past Season

Expenses Shared By Truckee Sportsmen and San Francisco Club

LOSS WAS VERY LOW

Report Issued By President Of Club Shows How Money Spent

It cost the San Francisco Flycasting Club and the Truckee merchants and sportsmen $952.11 to stock the Truckee River with trout last fall, according to a report submitted by D. E. Kessler, president of the club, who at the same time expressed the appreciation of the club for the local participation in the fish raising program.

Of the $952.11 spent in feeding and planting the nearly 170,000 rainbow, Truckee contributed $414 and the Flycasting club $538.11. The club also paid the salary of the custodian, E. H. Hommon, whose salary as the caretaker of the fish ponds was not included in the expense account.

The cost this year was surprisingly low, the report indicated, only a trifle over two per cent being lost from the time the fry were taken from the hatchery at Tahoe until they were freed in the river.

When planted, the fish were all in good condition and many were as long as six inches, giving assurance that they will easily survive and be of the size to catch by the opening of the season.

The expense for raising the fish was tabulated as follows:

Telephone Calls	$ 3.20
Automobile Expense	78.96
Salaries	142.45
Payroll Taxes	5.70
Board and Room for Employes	73.00
Meals for Extra Employes	2.50
Electricity	84.20
Fish House Supplies	1.20
Fish Food	555.03
Ice	5.87

Through the cooperation of the Truckee residents and the San Francisco Flycasting Club, the Truckee river s stocked each fall after the close of the fishing season and thus has provided fine angling for the score of visitors who come here each summer. Sportsmen have declared that without this planting program, and with the river usually unprotected by state wardens, this stream would soon be like many others in the state that once provided excellent fishing but which have been completely looted.

Good Banking Business In District Predicted In Report From Manager

C. B. White, manager of the Truckee Branch of Bank of America, sees in 1939 a year of steady business improvement for the entire Truckee-Lake Tahoe area.

"Our branch has shared in the splendid progress which the entire Bank of America organization has made in 1938, which progress is indicated by the Bank's statement of condition at the close of the year," he said.

"The impulse o ftravel to the Golden Gate International Exposition is bound to be felt by business in our own, as well as every other, community in the state. Money put to work through the further utilization of the bank's loaning services for domestic and business needs will also speed up the movement of trade.

"A. P. Giannini has often said, 'You can't keep California back.'His words are equally true as applied to our own community for 1939."

LOSE FRANCHISE

For failing to exert the voting right of citizens during the year, more than 2100 names have been cancelled from the registration rolls on Nevada County, according to Deputy Clerk Ralph Deeble. Eight thousand nine hundred and ninty-nine voters have retained their eligibility to cast a ballot without reregistering in this county.

Lions Add Protest For Removal Old McGlashen Relics

Letter Will Be Directed To Board Urging Return Of Relics

Adding a voice of indignation to protests already filed by the chamber of commerce and starting what may prove to be an avalanche from other other organizations, the Truckee Lions Club last night unanimously voted to direct a letter to the Nevada County Board of Supervisors asking immediate return of the old McGlashan collection of famous Donner Party relics and other mementos recently removed from the old Rocking Stone Tower here.

The McGlashan property was recently purchased as a site for the new Veterans' Memorial Building. The relics stored in the Rocking Tower were carted away and have been placed in the courthouse at Nevada City.

A report of the New Years dance sponsored by the Lions revealed that a substanial profit had been made and the committee was given the well-earned vote of thanks.

New School Will Be Started Soon In Tahoe District

Brockway Wins Approval Of Placer Board For New District

KING'S BEACH, Jan. 5.— When present plans materialize, this fast growing community will have its own elementary school and all indications are that it will be completed for the opening of the 1939 fall semester.

Trustees of the Tahoe Lake school district, with a delegation from the Brockway district met Tuesday with the Placer County Board of Supervisors and Superintendent of Schools Gregory and secured permission for establishment of the Brockway Elementary School District.

During the present and coming terms, children from this area will continue going to the Tahoe Lake school at Tahoe City. It is hoped to start work on the new school early in the spring so that it may be completed by August. All work, materials and the site will be donated the supervisors were told by the progressive residents here.

The district will include the area from the Nevada state line to within five miles of the Tahoe Lake school.

Several sites for the building have been offered but none has been definitely chosen.

Trustees of the Tahoe Lake school pointed out that they were in accord with the petition inasmuch as attendance at the Tahoe City school warrants additional room and teacher if the growth continued.

Andy Johnson headed the King's Beach and Brockway district delegation which was composed of Mrs. H. W. Paine, Mrs. Earl Nelson, Mrs. Glenn Walters and Ivan Astle.

Trustees Henry Worden, Mrs. Dorothy Pomin and Mrs. Marie Henry were present from Tahoe City.

COUNTY OFFICERS INDUCTED THIS WEEK IN NEVADA C.

Nevada county officials, chosen at the August and November elections took office at noon Tuesday. Victors had all been previously given their oaths of office following the official notification of their election. John Nettle of Grass Valley is the new county recorder while Walter Carlson has just taken over the school superintendentcy from Mrs. Ella M. Austin. Corone r A. M. Holmes took office a month ago due to the resignation of the defeated incumbent, L. R. Jefford.

At a meeting of the board of directors of Transamerica corporation held yesterday the regular semi-annual dividend of 37½ cents a share was declared payable January 31 to stock holders of record at the close of business January 14, 1939.

New Storm Makes Up For Lack Of Snow on Holidays

Sweeping in over Donner Summit, the southern edge of a major storm which has lashed the Oregon and Washington coast with fury, brought this region its delayed holiday snow and deposited a four inch blanket in the Truckee area. More is reported from Tahoe and the summit.

The storm was ushered in by a heavy rain and brought the seasonal precipitation to near normal, according to H. I. Snider local U. S. forest ranger.

The month of December left the precipitation 1.66 inches below normal and from September 1 to that date only 5.77 inches were recorded.

Precipitation for the past two days was 1.81 inches.

Traffic continued unmolested with state plows keeping the roads cleared but chains were required on the summit and advisable elsewhere.

PASTOR'S WIFE WILL BE HONORED HERE AT LANGILLE HOME

An informal afternoon has been planned at the home of Mrs. Harold Langille on Thursday, January 19 in compliment of Mrs. G. J. Keetch, formerly of Yuba City, who arrived renectnly, with Rev. Keetch and their family, to make her home here.

Members of the Methodist Ladies Aid Society and their guests will welcome the newcomer between the hours of two and four o'clock. Plans of the group for 1939 will be discussed and decided upon during the social meeting.

NEVADA COUNTY TO RECEIVE BIG SUM FOR 1939 EXHIBITS

Funds derived from pari mutuel betting on horse races were allocated to the different district agricultural fairs last Friday and the sum of $888,703 was divided among several northern counties. The amount was made on the basis of premiums paid by the fairs during 1938. The Nevada County 17th District Agricultural fair held in Grass Valley last year was listed as $13,087 for 1939.

SEAWELL SUGGESTS AMENDMENT FOR STATE LIQUOR LAW

State Senator Jerrold Seawell of the seventh district is advocating a constituional amendment to take liquor law enforcement out of the hands of the State Board of Equalization and placing it in the jurisdiction of the Attorney General, Sacramento reports state.

An initiative which would have created a three man liquor control commission was defeated by the people of the state in 1936 by two to one.

Seawell, says the report, also proposes to introduce a bill amending the sales tax act so that all proceeds would be used for school purposes.

Home Coming Weeks In State Are Discussed At Sacramento Session

Homecoming weeks to be held in Northern California communities during the celebration of the Sacramento Golden Empire Centennial were slated at meeting of the representatives of the chambers of commerce of the communities involved this week in Sacramento.

The 42 who attended also agreed to help in distributing 1,000,000 leaflets, describing the centennial and the Golden Gate exposition.

The date set for Truckee's celebration was for the week of June 26.

SPEND HOLIDAYS HERE

Mrs. Mary Koehler and sister, Mrs. Camille Sassarini, were at the Sacramento Air Port recently to greet their cousins Miss Camille Baleri, of the Manhattan Opera, and Lucille Morgan of Palo Alto who arrived from the east to spend the holidays with their family in Palo Alto.

Mrs. Morgan is well known in this vicinity.

Continued Gains In Postal Receipts Are Index Of Progress

More Than $108,000 Handled By Local Office During 1938

The unfailing barometer of local business conditions—the postal receipts—continued to climb during the year just closed with a total business receipt of $108,430.57, according to Postmaster E. C. Bavier.

For the quarter ending December 31st, the receipts were $24,892.88, an increase of $5,490.06 over the same period for 1937, the report indicated. During the last quarter money orders totaled $22,680.04, box rents $182.65 and stamp sales $2,030.19. Postal savings during that period were $1,538 and bond sales totaled $1,275.

During 1938 the postmaster and her assistants wrote money orders aggragating $85,366.86.

Stamp sales for the year amounted to $7,918.41 and box rentals totalled $703.05. Postal savings certificates issued totalled $11,161 while bond sales soared to $3,281.25.

Expert Will Audit Utility Books To Begin New Year

Tenth Bond Retired Here As Growth Of District Continues

In reviewing the activities of the Truckee Public Utility District during the past year, the board of directors has decided to call in an expert accountant to check the books of the district and assist in bringing the accounting methods up to date.

"Now that the district has broadened its activities to include a water department it becomes necessary to keep true and accurate accounts of this part of its operation as well as that of the electric department," said C. E. Smith, president of the board "and particularly since new accounting methods are being developed due to constantly changing economic conditions such as social security, wage and hour laws, sales tax, use tax and the like."

It is the purpose of the directors to endeavor to obtain the services of an accountant who has had experience in the public utility field.

This week the tenth bond of the district was paid off with interest due to date on the remaining bonds, the amount being $1660. Each year at this time one $1000 bond with interest is paid and this year marks the payment of one half of the original bond issue of $20,000 passed in 1927. The district has never failed to meet each bond issue on the date due and its bonds which pay six per cent interest command a premium on the market. Several investment houses in recent years have endeavored to buy up the bonds from the owners, the Reno National Bank. The district has also tried to pay off more than one of the bonds at a time but the owners refuse to part with them before they are due, Smith said.

JAILER FOR COUNTY URGED BY SHERIFF

Referring to the two recommendations of the county grand jury pertaining to the conduct of his office, one that a deputy be on duty day and night at the sheriff's office and the other that illegal gambling devices should be eliminated, Sheriff C. J. Tobiassen was silent on the latter but on the former he said:

"This is the only county in the state of anything like the population we have in which the sheriff is allowed but two deputies. In Madera county, with 16,000 population, the sheriff has five deputies. In Glenn county, with 13,000 population the sheriff has seven deputies. In my four years in office we have had at most as many prisoners in the jail as for the preceding 16 years. The total of my four years term lacks only 7 of the total number of prisoners registered in the jail during the sixteen years prior to 1934. This office is badly in need of a jailer."

Heir To Relics Protests Action By Supervisors

Letter To Local Chamber Tells Intention To Retain Mementos

STRESSES LOCAL VALUE

Says McGlashan Desired To Keep Relics Here For Display

Expressing her distress at learning of the removal of the old relics from the Rocking Stone Tower on the McGlashen estate in Truckee, Mrs. Bliss McGlashen Hinkle, of Tahoe City, daughter of the prominent pioneer who collected and preserved the historic mementos, and executrix of his estate, has written the Truckee Chamber of Commerce offering her aid in the movement to have them returned to Truckee.

In discussing the matter with C. B. White, president of the chamber, Mrs. Hinkle is quoted as saying she had hoped to make it clear in the transfer of the property to the county that the inventory should not include the relics which her father intended as a permanent asset for the community where they meant so much and around which their historic value centers.

The letter, addressed to White as president of the chamber, which is leading the fight for the return of the mementoes, follows:

Mr. Charles White
Truckee Chamber of Commerce
Truckee, Cal.

Dear Mr. White:

I was quite distressed to learn recently that the relics and historical remains collected by my father have been moved from the Tower in Truckee to Nevada City. However it was brought about, I consider this transfer most unfortunate, not only for the Truckee region but for the county as a whole. This collection, and my father who founded it, were both essential parts of Truckee, and I am prepared to show that such moves are directly opposed to established practice in the preservation of Californiana elsewhere in the state.

I have always believed that this collection belonged in Truckee, and that somehow local organizations would be able to take it in charge. **It was under this understanding that I released this property from the estate inventory and allowed it to be sold. I should never have done so had I believed that the collection would be dispersed.**

I trust that these remains may be recovered for Truckee at an early date and be properly placed there under some responsible agency as a public exhibit. I shall be glad to offer my own co-operation to this end.

Yours very cordially,
Bliss McGlashen Hinkle

OUTING CLUB SETS MEETING DATE FOR MONDAY AT POND

A meeting of the Truckee Outing Club will be held Monday evening at 8 o'clock at the ice rink providing weather permits and otherwise will be held at the office of the Truckee Public Utility District, it was announced by Vice President Robert Bowers. Bowers also called attention to the necessity of local club members and friends wearing ski clothes to the carnival in Sacramento if the Truckee club expects to participate for the awards.

The carnival will be held Saturday night in the Memorial auditorium.

JULIUS ZUNINO HURT RUSHING TO WIFE, DEAD IN COLORADO

Hurrying to his wife Josephine's death bed in Denver recently, Julius Zunino of Reno and former Truckee resident, was unfortunate in also having an automobile accident en route to the Colorado city, forcing him to return to his Nevada home, according to reports received here.

ONE WAY OUT——

Postmaster General Farley has just warned all good Democarts to remember their Jackson Day dinner date early this month when banquets, ranging from $25 to $100 a plate, will be held to write off the party's deficit.

But is there any good reason why such a convivial method of wiping out debt should b restricted to members of one political party?

If everyone of America's 130,000,000 inhabitants would attend a week of nationwide dinner dates, paying $25 to $100 a plate, the whole national debt would be wiped out in a few evenings—just by eating!

That's one method of sinking our teeth into the debt problem, and one of the most pleasant ways, too!

THE SPIRIT AND THE LETTER——

Two of the most interesting cases ever to reach the California law-courts will be acted upon soon. Both involve the right to refuse to salute the flag for religious objections to such a ceremony. The test case is that involving Charlotte Gabrielli, a Sacramento schoolgirl, on which the California Spreme Court is to make a decision. Recently a Delhi, Calif., rancher was arrested on charges involving the same conundrum—the right of his two children to refuse to salute the flag or pledge allegiance to the United States. The fundamental issue, however, seems to be as old as mankind and will probably never be laid permanently at rest, for it involves the perennial struggle between the spirit of the law and the letter of the law. Upholders of the former frown upon punishment where there is no willful intent to destroy law or government,and believe that lip service to the flag is no proof of true love of country. The latter demand strict and formal obseisance to its dictates. Upon this matter there are many views, but no one view, and it is doubtful if time itself can settle, for good, this timeless question.

FIVE YEARS LATER——

Five years of Repeal came to roost on America's doorstep this month to ask for an accounting of themselves.

From California's police chiefs, health officials, enforcement officers, varying testimony to its merits has been forthcoming. But the majority of them believes John Barleycorn, as a legalized American citizen, is a better character to have on the premises than his illegal ancestor who stalked the land during the years of the camel, the murderous hi-jacker and bath-tub brew.

Today one of the most commonly mentioned evils is the selling of liquor to minors but this vice stands a better chance of detection and suppression under present conditions, officials assert, than in the days when youths could ring twice and ask for Tony.

If five years of Repeal have not come home with a perfect record, they have at least a cleaner slate than the time preceding them when respect for law reached its lowest ebb in American history.

Time to Dig Out

The Man At The Keyhole

(BY OPERATIVE WB)

HERBERT C. LEGG Rejects—see Second Item of The Man at the Keyhole.

Perhaps it's too early to make an accurate forecast, but our sleuths are willing to wager money that the 1939 session of the State Legislature will be one of the longest in California's stormy political history — running well into June! Reasons: Reform legislation planned by the new Democratic administration; an epidemic of investigations; increased demands of "pressure groups" for special action on ohtly controversial issues such as pensions, relief and labor legislation. And the inevitable and probably continuous clashes between radicals, liberals and conservatives for control of the two houses.

Herbert C. Legg of Los Angeles, who ran against Culbert L. Olson at the primary, but who forgot past differences and campaigned vigorously for him at the Genral Election, has been offered the job of Registrar of Contracts in the State Department of Vocational and Professional Standards, our spy advises. But Mr. Legg had expected better than that and declined the appointment. Governor Olson, if he listens to some of his ablest advisors, will raise the ante and bid again!

California's new Attorney General, Earl Warren, who has the power to step in and investigate—and if necessary, prosecute—wherever he believes local officers have been neglectful of their duty, doesn't intend to use the broad powers of his office either arbitrarily or carelessly, we are informed. Whenever Mr. Warren's investigators bring in reports of unsavory condi- in any locality, he plans to call in local officials, advise them of the facts—and sugest tactfully that they enforce the law. A former district attorney himself, the new Attorney General expects every D. A. to do his duty.

SKI NOTES

The oustanding event of New Years day in Winter Sports was the annual New Year's party at Yosemite with ski tests where sonw was available and skating carnivals on the rink.

Leland Smith, the skiiers friend in the U. S. Forest Service at Nevada City, advises us that the Nevada City High School Ski Club has been formed with 33 members. Several boys are making thier own skis from the plans furnished by the Winter Sports Committee of the State Chamber of Commerce. Another club has been formed by the Grass Valley High School with 31 members. Smith also advises that they are planning to hold a ski school next month for the Rangers and other Forest Service officers

From Roger Hines at Mt. Shasta comes word that all construction on the big new hill has been completed, as well as the 2200 foot ski lift and the four mile-long ski trails to the bottom of the lift.

Tahoe . . . . Ramblings . .

(By SWANEE)

The Tahoe Book Review Club, that has been meeting Tuesday evenings, in the local library, is adjourning until high school reconvenes.

The local library welcomed contributions from three patrons last week. Adolph Muller, Mrs. Ed Wagner and Mrs. J. E .Pomin were the donors.

Following an old Swedish custom, Charles Swanson was chief cook last week at the Fred Kohelr home at a "luta fisk" dinner. Attending the affair were Mrs. George Walker, John Franklin, Bill Crosson, Mr. and Mrs Kohler and Mr. and Mrs. Swanson.

Constable Harry Johanson returned to Tahoe Friday night following a week's vacation at the home of his grandmother in Oakland.

Miss Alta Dyer, local school teacher, enjoyed the holidays with relatives in Oakland.

Removal of trees which obstructed the view of the highway near the government camp at Tahoe Park was done last week on the curve opposite the Kendrick driveway. This is considered to be a step toward eliminating a traffic hazard.

Art Brodehl returned on Saturday of last week from a 10 day visit in Detroit where he bought a new car. Mrs. Brodehl and the children are visited relatives in Stockton. Miss Marjorie Corkins, sister of Mrs. Brodehl, who has been visiting at the lake, has returned to her Placerville home. Miss Estelle Richards of Stockton is now visting at the Brodehl home.

Mrs. Tejas Edwards of the Tahoe Fish Hatchery has recieved word from her brother, A. T. Mason, that he has been promoted to the rank of Major in the U. S. Marine Corps and now is in Paris where he will be stationed for the next two years, attending the Ecole de Guerrie. He is 35 and married.

Mrs. Edwards recently entertained at a birthday party for her 4 years old daughter, Elaine. The table was decorated in the holiday motif. The placecards were held in the hand of marshmellow snowmen who stood erect on a plaque decorated with tamarack cones. Santa and his sleigh and reindeer made up the center piece. Attending were Dorine and Jerry Quam, Donna Grover, Janice Brodehl, Betty Renner, Shirley, Faith and Rae Pyle and June White.

Two New Placer County Officials Take Office On Holiday At Court House

(Sierra Sun Exchange Service)

Two Roseville residents moved into the Placer county courthouse on Mon day, despite teh holiday, and were ready for business Tuesday.

They were Elwyn H. Gregory, superintendent of schools, and Lou P. Mohan, tax collector.

Gregory, former teacher at the Atlantic Street School, Roseville, won the school post by a margin og 12 votes from Mrs. Portia F. Moss, incumbent. It took a recount of the votes to determine the winner.

Mohan was elected tax collector by a wide margin at the November election. He was formerly employed by the City of Roseville. He succeeds Dan Gautier.

BUYER MEETS SELLER IN OUR AD COLUMNS...

The Boys Who 'Raided' the Mint

Here are the two 15-year-old schoolboys who confounded Federal officials by entering the supposedly impregnable million-dollar San Francisco mint at night. They are, left to right: Paul Francis and William Gallagher. They ignored intricate alarm devices, entered a window, tossed out some scrap sheets of copper and were leaving the premises when seized. The boys said they broke into the mint "just to see if it could be done."

STATE VIEWS INCREASING RELIEF BURDEN AT BIRTH OF NEW YEAR, IS REPORT

SACRAMENTO, Jan. 5 —(UP)— The state's direct relief load, after steadily declining from a March high of more than 80,000 cases, increased seven per cent in November and 25 per cent in December according to retiring State Relief Administrator Harold Pomeroy, in a report to his chief, former governor Frank Merriam last week before the latter left office.

Near the end of December the case load was 62,500 families, nad Pomeroy estimated the legislature must appropriate about $20,000,000 to carry the relief program until the end of the current fiscal year next June.

The former administrator blamed the sharp December increase—12,000 cases—on cessation of agricultural work nad reduction of WPA rolls.

Pomeroy presented figures to show that applications for relief were 35 per cetn higher in November than in the same month of 1937.

The average benefits per case for November were $37.17 for family cases and $15.91 for single persons. Surplus commodities with an estimated value to recipients of $690,123 were distributed during the month to 107,499 cases

The report listed 33 active self-help units operating with a membership of 460 persons

Fro Nevada County, Pomeroy reported a total of 88 relief cases involving 356 persons. Of these, 354 were members of 86 families and 2 were single. The total extended for relief in the county was $1,859.49, of which $1,848.77 went to families and $10.72 to single persons.

WATCH WARNING SIGNS

Motorists driving in the snow sports areas adjacent to he Mother Lode country are warned by the National Automobile Club not to pass the signs on each of these passes showing the end of the maintained portion of the highway. Anyone doing so are at their own risk and in case of a bad storm or accident would not be able to expect aid from the Highway Department for emergency assistance crews have been withdrawn from the higher elevations.

Many Take Advantage Of Three-Day Week-End to Visit In Tahoe Region

TAHOE CITY, Jan. 5— Excellent weather continued over the week end and until Tuesday morning, permitted a tremendous flow of traffic over the three-day holiday. A heavy wind disrupted electric service from midnight until about 8 in the morning of New Year's day.

Dr. and Mrs. H. H. Searles of San Francisco were among those entertaining as they chaperoned a group of young men, including their son, Henry, Jr., at their Fulton Estate home near Carnelian Bay.

Robert and Dave Berwick of San Francisco hosted a party of six at the family residence at Sunnyside.

Miss Donaldine Grass, instructor at Sacramento Jaysee, opened her cottage atop Dollar Hill to entertain a group of Sacramento friends.

A group of vistors were hosed at the W. A. Simonds camp near town. Guests included Miss Mary McCloud and John Connolly of San Francisco; Mr. and Mrs. Antonne Kennedy of Sacramento; Mr. and Mrs. Gilbert Weeks, Mr. and Mrs. Wen Gurinn, Jack Wilcox and George Faulkner, of Ross, Marin county; and Mr. nad Mrs. Clarence Frazer of San Jose.

At the Breuner home in Homewood a group of nine Sacramento girls were chaperoned at a weekend party, Miss Breuner was hostess.

Waleswood Lodge in Tahoe Park had a full house over the week end, the living Christmas tree ablaze with multicoloured electric lights each evening near the highway entrance.

Tahoe Inn was the rendezvous for merry makers on New Year's eve with 72 being served dinner during the evening. Dancing and gaitey continued until the wee hours of the morning.

At Carnelian Bay W. D. Porter, Bud and Nancy Porter rented a cottage for the holidays. They are from San Francisco.

Larry Metcalf and a party of University of California fraternity brothers held forth over the New Year at the Metcalf home near the Tavern.

Henry Droste and three daughters were among the wek end visitors.

Tahoe Girl Tells Plans for University of Nevada At Winter Sports Carnival

TAHOE CITY, Jan. 5— Miss Kathleen Starratt Anderson, Carnival Director for University of Nevada of the forthcoming carnival, is at home with her parents, Mr. nad Mrs. A. M. Anderson of Tahoe City for the holidays. She is planning a number of novel, entertaing features never before tried which promise to add much to the color of the affair. Jack Starratt Anderson and Carl Bechdolt, Jr.'s, costumed characterization of Ferdinand the Bull, on skis, will be worth the admission. The dates of the carnival are January 28 and 29.

DAUGHTER BORN TO TAHOITES

TAHOE CITY, Jan. 5— On Monday, December 26, a daughter, weighing 8 pounds, was added to the family of Mr. and Mrs. Frank Freese of Tahoe City. The baby arrived at the Washoe General Hospital in Reno and was named Paula. Mother, baby and the father are recuperating nicely.

'DEADLINE' FOR DEER

The "deadline" on many species of wildlife is the amount of food available during the winter, according to the National Wildlife Federation. In deer states of the north and west, tens of thousands of fawns perish in midwinter becuase larger deer have cropped off the tree boughs to a height beyond the reach of the smaller ones.

MILLIONS FOR SPORT

Sportsmen will pay out more than $12,000,000 this year for state hunting licenses and federal duck stamps, the National Wildlife Federation estimates.

Meeting, Tournament of Tahoe Ski Club Said To Have Been Successful

TAHOE CITY, Jan. 5 — A large crowd attended the Tahoe Ski Club's Friday night meeting in Community Hall last week. Plans for attending the Winter Sports Carnival in Sacramento Saturday, Jan. 7, were discussed and good reprsentation was assured. Tahoe's entrant for carnival queen is now in Ft. Bragg and will go directly to Sacramento. The Sac- support for the event. Secretary Marie Henry announced the induction of 22 new members from San Francisco, Yolo, Los Angeles nad Sacramento inrametno chapter of the club promised to the club and the fact that the club has 25 registered skiiers in A, B, C, D jumping divisions, downhill, slalom and cross country. A major part of this group is under 20 years of age.

The tournament Sunday at Olympic Hill was successful, drawing a crowd of several hundred as access to the hill was good. Several jumps and slalom courses were in constant use. Hot coffee was supplied lunchers at noon by the club. Pres. Carl Bechdolt, Jr., was on hand with his movie camera.

The rope upski at the new hill near the golf links, estimated at close to 1,000 feet, is completed and ready for use when snow falls. All now await the first major storm of the season to use the new tow. Sig Ulland, national jumping champion, estimated that the new hill will permit jumps of 150 feet when in good condition.

LAKE FORESTERS CLOSE HOMES

TAHOE CITY, Jan. 5— Among lake residents at Lake Forest to close their homes this winter and leave for city residences were Mr. and Mrs. Lloyd Yeakel, who, with son Rodney, have gone ot Oakland; Mr. and George Bacchi nad family, to Sacramento; Mr. nad Mrs. Jack Cpencer and son and Mr. nad Mrs. Sam Goss and family.

Report Discloses Greatest Year

BANK OF AMERICA AT ALL TIME HIGH

Typifying the "banking that is building California," the year-end statement of condition just released by Bank of America shows that on December 31, 1938 loans outstanding aggregated $43,160,000 more than on the same date 12 months before. Deposits attained a total of $1,437,027,000, an increase of $79,649,000 over the 1937 year-end.

After payment of dividends to stockholders at the rate of $2.40 per share totaling $9,600,000, capital funds reached the high mark of $114,058,000, a substantial increase over the previous year-end high of $109,104,000 at the beginning of the year. There was added to Surplus and Undivided Profits the amount of $4,953,000 after provision of $3,639,000 reserve for depreciation on banking premises, amortization of bond premiums, etc., and $6,253,000 reserves applied to reduce carrying value of assets.

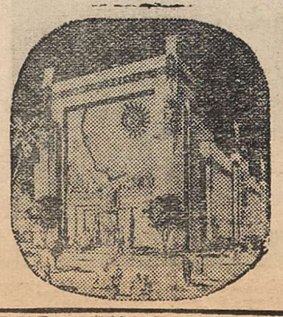
RESERVES REVEALED

Reserves of Bank of America provided as deductions from the carrying value of assets are shown in the statement of condition, with $9,533,000 provided for possible losses on outstanding loans, $5,997,000 reserved against bonds and other securities owned, and depreciation of $15,477,000 provided for bank premises, furniture and fixtures. The statement shows that securities, valued at $557,632,000 are carried at substantially less than the market value. L. M. Giannini, President, stated that 1938 earnings set a new high totaling $25,622,000. There was also allotted to the bank's personnel under its profit sharing bonus plan $1,175,000. This added compensation equalled 7½% of salaries up to $500 a month, and 5% of any portion of salaries in excess of $500 a month.

A NEW RECORD

Total resources of the bank for the first time rose above the billion and a half mark. The total was $1,574,721,000, a gain of $81,348,000 for the year. At the close of 1938, Bank of America branches in California numbered 494, serving 307 communities.

"In view of the prevailing adverse economic conditions during most of the year with consequent generally decreased bank earnings," Giannini stated, "it is particularly gratifying to present to the public such an outstanding report of healthy progress. This is due to the confidence in and support of the bank by its old and new customers, the wholehearted cooperation of its staff, and the fundamental economic soundness of California."



Bank of America's complete branch, located on Treasure Island, site of the Golden Gate International Exposition.

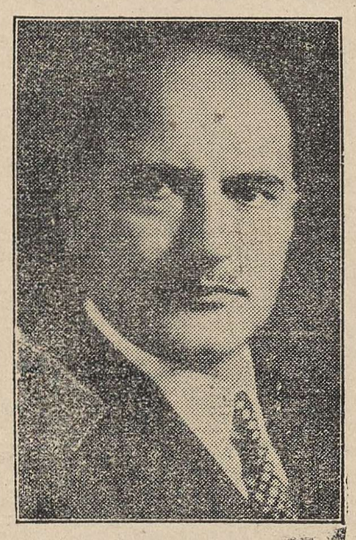
BANK HEAD VISITS HOUSTON CONCLAVE; FEDERAL OFFICIALS



L. M. GIANNINI

President I. M. Giannini of the Bank of America returned to San Francisco last week from an extended tour which took him to the American Bankers Association Convention in Houston, Texas, and to New York and other financial centers.

While in New York the banker received an invitation from a Senate subcommittee which has undertaken the study of profit sharing plans for industry. He went to Washington and described for the group a profit sharing bonus plan for employes recently put in effect by the bank and which for 1938 involved the investment of approximately $1,250,000 for their account.

While in the capital, Giannini conferred with officials of the various banking agencies including the new Comptroller of Currency, Preston Delano.

He said the discussions were very satisfactory to all concerned. The manner in which the Bank of American has helped develope the retail of credit to many as contrasted to the usual bank policy of wholesaling credit to few, was well received by the officials. While loans of the bank average about $4,000 in the real estate division, losses average less than one-twentieth of one per cent.

Pete, the Rattler

This gentleman's name is Gus Robson, but he's better known as Rattlesnake Pete. Pete, 77, here in San Francisco endeavoring to line up a real Wild West show for the Fair, is chockful of hair-raising tales of the days when he consorted with Buffalo Bill, Calamity Jane, Wild Bill Hickock, etc.

NEW STATE PARK IS PROPOSED TO MARK DISCOVERY OF GOLD

SACRAMENTO, Jan. 5— A move to further commorate the first California gold strike on January 24th, 1848, near Coloma, was disclosed this week by State Park Commissioner J. R. Knowland who said condemnation proceedings had been asked to acquire six acres of land for a state park.

The tract exetends into the American river, where a marker already designates the site of the first 'strike' and the old Sutter Mill, which El Dorado county authorities plan to rebuild as part of the Sacramento-Golden Empire Centennial.

REVITALIZED G. O. P. COMES TO CAPITOL IN WASHINGTON,D.C.

WASHINGTON, D. C., Jan. 5— William Tyler Page, Clerk of the Republicans in the House of Representatives, surveyed the rejuvenated elephant with an optimistic eye.

'It's fatter than it has been,' he observerved.

And it is. There will be 170 Republican representatives iun the 76th Congress as oppossed to 88 in the 75th. In the upper house there will be 23 of the Elephant drivers instead of 15 as at the last session.

The new-comers have readily adapted themselves and are already down to business.

If size counts in legislaitve battle, the Republicans have George Gillie of Indiana who towers 6 feet and 5 inches and is built accordingly.

In contrast to the giant legislator, John McCabe, a house page, stands 4 feet 9 inches.

Clyde M. Reed, new Republican senator from Kansas, showed up early and immediately asked for an office. When told none were permanentaly available, he said, 'Then give me a temporary one, I have work to do.'

Instiute Survey Shows Marked Decline In Mob Lynching In Nation

TUSKEGEE INSTITUTE, Ala., — A decrease in the number of lynchings has been noted by the Institute for his year as compared with the past three years, according to F. D. Patterson, president. During 1938 there were six persons lynched as compared with eight for the years 1936 and 1937, nad 14 less than the number in 1935.

There weer 42 instances in which officers o the law prevented lynchings. Three of these were in Northern states and 39 in Southern states. In 41 of the instances, the prisoners were removed or the gaurds augmented or other precautions taken. In the other instance, armed force was used to repel the would-be lynchers. A total of 53 persons, three white men, 49 negro men, and one negro woman, were thus saved from the justice of Judge Lynch.

Of the six lynched, all were negroes. Three lynchings occured in Mississippi and one each in Florida, Louisiana and Georgia.

SEAWELL WILL HEAD MAJORITY IN SENATE

by TOM JEFFERSON

Because of the backing of Lieutenant Governor Ellis E. Patterson, State Senator Jerrold L. Seawell of the 7th district, including Placer, Nevada an dSierra counties, is president pro-tem and majority floor leader of the State Senate. Patterson did not back "Jerry" but threw his shortweight behind Sen. Bradford Crittenden of Stockton. The vote, along partisan lines was Seawell 21 to 15 for the Stockton man.

Seawell's victory was hearlded as a victory for middle of the roaders and conservatives as oposed to the ultra liberal and radical bloc, headed by Gov. Olson and Lt. Gov. Patterson

Seawell succeeds Sen. William P. Rich, Marysville Republican, who, as a result of recent auto accident, will be forced to retire from the leadership and simply maintain his seat.

Richard Collins Renamed Chairman of State Board Of Equalization Tuesday

Richard E. Collins of Redding who was reelected for the twenty third successive year as chairman of the State Board of Equalization, has served as member of the board for thirty three year.

The board at its reorganization meeting Tuesday afternoon in the State Capitol also reelected Dixwell Pierce as executive secretary and seated George Rielly of San Francisco as a new member to fill the vacancy that occured as a result of the death of John Corbett.

The eggs of a catfish are incubated in the mouth of the male.

STATE CONSTRUCTS BOMB PROOF GARAGE IN SOUTHERN CALIF.

SACRAMENTO, Jan. 5 —(UP)— The State of California is constructing in Los Angeles perhaps the only bomb-proof shelter in Southern California, Arlin E. Stockburger, retired Director of Finance, remarked last week.

Stockburger said that in landscaping the site of the old Los Angeles Times Building near the State Building, it was found that it would cost $50,000 to fill in the basement while an 88-car underground garage could be constructed in the evacation for $90,000.

"When the job is finished,in about six months, it will be impossible to tell from the surface that there is an underground structure there," he said.

The garage entrance will be from the basement f the State Building and the roof will be from four to eight feet underthe surface of the ground.

Commorative Stamp Is Sought By Congressman For General John Sutter

SACRAMENTO, Jan. 5— The Sacramento - Golden Empire Centennial is working with Congressman Frank H. Buck to obtain a special commorative stamp to honor General John A. Sutter during the Centennial program this year. The Centennial has been advised that early in January a conference of post office officials will determine what special stamps will be issued in 1939.

MERRIAM APPRECIATIVE OF OFFICIAL COMPLIMENTS

Governor Merriam showed he appreciated the praise showered upon him b his apointees during the laying of the new Proffesional and Vocational Standards Building. Said he: "If they had said those things a year ago, I might have thought they had a selfish interest. But there isn't anything more I can do for them now."

STATE PRINTER OVERLOOKS SUPREME COURT IN BOOK

State Printer George Moore was worried recently.

Teh erason was that inadvertently he forgot to include pictures of the justices of the State Supreme Court in the state's Blue Book.

Moore obtained all the pictures of minor officials and legislators but not of the justices who have the last word on legislative action.

POLITICAL POTPOURRI

by TOM JEFFERSON

ROBERT TAFT, R., is expected to take over leadership (see item 4).

Gov. Culbert Olson last week annouced the appaintment of Phil Gibson as Director of Finance. Gibson is a Los Angeels attorney and took an active part in Mr. Olson's campaign; he succeeds Arlin Stockburger who campaigned against the new chief on the grounds that he did not approve of his views on fiscal policy.

However, the main burden of state finance research will fall, unofficially, on H. Dewey Anderson, the State Relief Adminstrator. Anedrson is now moving the headquarters of his department from San Francisco to the State Capitol Building although he leaves behind the major part of his office force. Lack of office space is the reason given.

§ § §

If Olson has a measure of success these next few months, don't count him out of the race for the Democratic presidential nomination in 1940. He will necessarily go as a dark horse but the way things are shaping up, anything can happen—and probably will. Left-wing and liberal Bourbons in this state are very subtly commencing the boom already and, unless we miss our guess, it'll gorw like the little acorn into the mighty oak.

§ § §

Former Governor Frank F. Merriam (sounds strange, doesn't it?) is not out of the running for the Republican nomination for president in 1940 despite 75 years and his recent defeat. If Olson dubs his chance in California. Merriam will be a greater political power than ever. Regardless of the new governor's actions, be they god, bad or indifferent, look for Merriam to make a very strong bid for control of the California delegation to the national convention. And if he misses there, there's always that Senate seat that is now warmed by Hiram Johnson, who is reported all set t o retire.

§ § §

WASHINGTON NOTES

We are inclined to wonder what the supporters and friends of Solicitor General Robert Jackson thought about the New Years greeting the President sent former Governor Frank Murphy in the form of appointment as Attorney General. According to the capitol pronosticators, Jackson had the job 'cinched'... The Supreme Court vacancy is as vacant as ever and Sen. Lewis Swellenbach of the state of Washington has an insider's chance. Only obstacle: Roosevelt is sorely in need of New Dealers in the 'most exclusive club in the world' and Gov. Martin, Ind. Dem., can not be expected to name an equally liberal man to replace the senator... Sen. Harrison's action in withdrawing from the race for majority floor leader runs deeper than a desire for party unity. He is now chairman of the Finance Committee and is in no way bound to supoprt the fiscal policies of the New Deal—most of whose policies he frowns upon... While McNary of Oregon is the titular head of the Republicans in the Senate, look for Bob Taft, Ohio's latest claim to fame, to take command of the party in that body as the natural thing to do.

New Governor Invites

SACRAMENTO— Culbert L. Olson, the Golden State's new Governor, invites all Califoria to the big free barbecue to be held as part of his inaugaral ceremonies in Sacramento.

Bands, well-knowns of the film colony, jitterbug contests, grand opera stars and other features will be among numbers in the all-day entertainment program.

The barbecue will be at the State Fair Grounds January 7th, the day after the inaugaral ball. The California State Employees' Association is sponsoring the affair. —California Newspaper Publishers Association Service.

PETITION SENT SENATE; ASKS RELIEF FROM RELIEF AND SCORES WPA, FHA

BAKERSFIELD, Jan. 5— Petitions representing citizens of more than 450 cities and towns and organizations with hundreds of thousands of members were presented last week to Sen. Hiram W. Johnson, asking immediate Federal action in curbing the serious migrant problem in California.

The petitions, presented to Senator Johnson by Arthur S. Crites, chairman of the California Citizens' Association, bore the endorsement of thousands of citizens and organizations such as the State Federation of Labor and the State Department of the American Legion.

"Federal policies, applied to California alone, threaten this State with ruin," Crites said.

"The Farm Security Administration is caring for indigent migrant farilies for the one year necessary for them to achieve California citizenship and eligibility to State unemployment relief.

"This policy saddles California taxpayers— and we are all taxpayers whether we own property or not— with additional burden that if not soon relieved will bankrupt the state."

Crites denounced the policy of the Works Progress Administration in putting heads of non-resident migrant families to work, at the same time denying jobs to resident Californians whose relief eligibility has been certified by the State Relief Administration.

"While we fully recognize that the forces of dislocation that have been working during the years of unemployment, causing an unprecedented movement of the domestic working population, may continue for some time in those depressed areas where living is supported inadequately, the present policy of these Federal agencies of encouraging migration to California by attractive and easy relief is contrary to the public interest," Crites continued.

"In fact, this policy is a serious disservice to our State and to those unemployed Californians who seek jobs It is at the same time a serious disservice to the poor migrant families who would be far better off in their home states. There they have ties in the community, and kinship, to say nothing of the legal responsibility of their home states to provide for their care."

The petition requests that all agencies of the Federal Government provide relief for marginal people in their home communities; that information be disseminated at the source of the influx by the Federal Government that there will be no relief available to non-residents in California and, finally, that the Federal Government encourage and aid the return to their homes of idle thousands now here who have neither lost residence in their home communities nor achieved residence in California.

ONE-THIRD OF LEGISLATURE MADE UP OF BARRISTERS, EXECUTIVE IS LAWYER ALSO

SACRAMENTO, Jan. 5 —(UP)— The coming legislative session will have the usual legal advisers, but there will be also plenty of advice on matters of law coming from the legislature's own membership, with more than one-third of the 120 members of Assembly and Senate being members of the bar.

The upper house boasts 12 attorneys among its 40 members, including one superior judge, Robert W. Tenney of Los Angeles. In the Assembly 29 of the 80 members are attorneys. The total is 41 barristers in the combined membership of 120.

In addition both Governor Culbert Olson and Lt. Governor Ellis Patterson are lawyers.

(NOTE: From this district State Senator J. L. Seawell is a real estate broker, one of the second largest group while Assemblyman Allen G. Thurman is the only newspaper man in the lower house. Senators Jesse Mayo and Charles Deuel of the upper house are members of the fourth estate.)

COSTUME PARTY IS ENJOYED BY CLUB AT TAHOE HOME

MEEK'S BAY, Jan.5.— The H. and W. Philanthropic Club of Meek's Bay met with Mr. and Mrs. A. M. Henry on December 29 to enjoy one of the season's most enjoyable parties. There were 18 members and six guests present with all officers in their respective positions for the brief business session.

The annual birthday party was the big feature of the occasion and games, singing and dancing were enjoyed and gifts exchanged by the usual drawing method.

Colorful and unique costumes were much in evidence and the vote of those attending will decide the winner to be announced tonight.

Among the costumes were styles of many nations and ages. There were Dracula's daughter, the Crusader, Mexican senorita and senor, an Indian chief, a Russian Cossack, bus boy, fat man, cowbow and a lady and gent of the gay '90s and the Chinese costume.

BOATS ON TAHOE ARE SUBJECT TO COMMERCE DEPT.

Reports have reached here that all boats plying on Lake Tahoe must be equipped with fire extinguishers, life saving equipment, loud horns or whistles, lights, registration numbers painted largely on the bows and department of commerce piloting rules and they must be registered with the department because boating on the famous lake borders two states and comes under the heading of interstate navigation, according to federal laws.

Row boats and more elaborate vessels must be outfitted the same, according to marine statutes and the government, through Mrs. Will S. McQuilken, U. S. collector of costoms for Utah and Nevada is taking steps to collect fines ranging to $500 from rowboaters who have not complied with the regulations.

Owners of small craft and using them through necessity are in a quandry as to whether they can place all the equipment on the boats or will have to purchase larger ones.
